

RIZWAN JAN APPOINTED AS CHIEF INFORMATION OFFICER FOR CNA

August 2022 - Bridge Partners is pleased to announce the appointment of **Rizwan Jan** as Chief Information Officer of CNA.

CNA is a non-profit organization dedicated to the safety and security of the nation. They analyze and solve problems by getting as close as possible to the people, the data — and the problems themselves — in order to find the clear, credible answers government leaders need to choose the best course of action. CNA was founded in 1942 when CNA analysts pioneered the field of operations research by helping the Navy address the German U-boat threat. Their groundbreaking work set a standard for operations research methods that CNA has maintained for over 75 years.

Mr. Jan joins CNA after most recently serving as Vice President and Chief Information Officer at the Henry M. Jackson Foundation for the Advancement of Military Medicine (HJF). Prior to his most recent role, Rizwan served as Vice President and Chief Information Security Officer at HJF. Earlier in his career, Rizwan worked at Booz Allen and Aetna with a focus in cybersecurity.

Rizwan holds a Bachelor of Science in Finance from Frostburg State University. Additionally, he has received several certifications in Systems Security, Risk IT and other areas. He has served on various boards and committees, including the Enterprise Mobility Exchange and the FBI Citizens Academy.
